

California Yacht Club Signal Service Award

Description

The Signal Service Award is presented to a C.Y.C. member or members who have unselfishly given themselves to the betterment of the club or made a significant contribution to the club or the sport of yachting. The award is not necessarily presented to a member each year. In some years there have been more than one winner. The name of the recipient is displayed proudly on a plaque in the club's main lobby. Recipients also receive a gold pin to wear on their club blazer. The award is presented by the club's management at the Annual Installation of club officers.
